

3. ELECTRONIC COMMUNICATIONS AND E-SIGN CONSENT

Effective date: September 9, 2026 Version date: September 9, 2026 Document status: Public version

This consent is provided by Tardigrade Transportation LLC dba Tardigrade Freight Exchange ("Tardigrade"), operator of Tardigrade Freight Exchange (the "Platform"). It applies to the electronic records and communications described below.

By accepting this consent, you agree on behalf of yourself and the business you represent to conduct Platform transactions electronically and to receive agreements, notices, disclosures, invoices, rate confirmations, shipment records, privacy notices, credit notices, and other communications in electronic form.

3.1 Electronic records and signatures

Electronic acceptance, checkbox assent, typed signatures, authenticated account actions, and electronically signed documents have the same effect as paper records and handwritten signatures to the extent permitted by the federal E-SIGN Act and applicable electronic-transactions law.

3.2 Delivery methods

Records may be delivered by email, secure account notice, downloadable file, in-application display, or another method disclosed at the time. You must keep your email address and contact information current and check the account regularly.

3.3 Hardware and software

You must have a device with internet access; a current browser supporting encryption and cookies; a working email account; and software capable of viewing and retaining HTML and PDF files. Paper copies may be printed or downloaded. Contact Tardigrade if a record cannot be accessed.

3.4 Paper copies and withdrawal

You may request a paper copy of a legally required record by contacting Management@TardigradeLogisticServices.com. Reasonable copying or mailing charges will be disclosed before they apply. You may withdraw consent prospectively by written notice, but withdrawal may make electronic Platform service unavailable and does not affect prior electronic actions or open transactions. Tardigrade will explain any consequence before closing or limiting the account.

3.5 Changes

If hardware or software requirements materially change in a way likely to prevent access to records, Tardigrade will provide notice and allow renewed consent or withdrawal as required by law.
